

CHILDRENS LOVECASTLES TRUST

ANNUAL REPORT 2023-24

(Celebrating 27 years of service to society,
Registered with Social Stock Exchange)

A young boy with dark skin and short dark hair is the central focus, looking slightly off-camera with a thoughtful expression. He is wearing a light blue button-down shirt. The background is a blurred classroom setting with other students and warm lighting. The text is overlaid on the top left of the image.

Our Vision

“Access to Quality Education For All”

Our Mission

“ We connect students and practitioners to endless opportunities and new experiences of learning”

FROM CEO'S DESK

As we reflect upon the journey of CLT India in the 27th year of its service to society, I am honoured and delighted to present our annual report for the year ended March 31, 2024. This past year has been a testament to our unwavering commitment to our vision of providing access to quality education for all.

I am thrilled to announce that we have expanded our digital education program significantly, implementing it in 182 more government schools compared to the previous year. Through this expansion, we have digitally empowered approximately 27093 students, many of whom come from marginalized families. Witnessing the smiles on their faces fills me with immense happiness and reaffirms the impact we are making in their lives. Our digital education program supplements the efforts of teachers, clarifies concepts for students, and enhances their learning levels. We anticipate a substantial increase in learning levels by 15-20%, a notion supported by studies conducted.

In addition to expanding our digital education program, we have extended our reach to the States of Tamil Nadu and Nagaland, bringing our presence to a total of 13 States across India. This expansion is a testament to our commitment to reaching every corner of our nation with quality education initiatives.

Our efforts in promoting digital literacy have also yielded significant results, with 16,430 students trained during the year compared to 10,000 students in the previous year. I am pleased to share that our digital literacy modules are now available in Telugu language & has upskilled 11,650 students, allowing us to cater to a wider audience and bridge the digital divide more effectively.

Furthermore, to take care of our community around Jakkur, we have continued our efforts to provide holistic education experiences through arts and craft classes, summer workshops, and free computer training for school dropouts. It is heartening to witness the growth of these students, both in creative skills and soft skills, knowing that we are empowering them to shape their futures.

I am proud to highlight some significant milestones achieved during the year. We have been registered with the Social Stock Exchange, enhancing our professionalism and transparency. CLT India's profile is featured in the USAID Partner Directory, showcasing our organization's unique value proposition to potential partner organizations and USAID Missions. CAF International has validated our Organization after intensive due diligence reinforcing our stand as a trustworthy and professional entity.

In the context of recent developments, the introduction of the New Education Policy (NEP) of India aligns closely with our organization's goals. The emphasis on holistic and inclusive education in the NEP resonates with our vision, and we are committed to aligning our initiatives with its principles for greater impact.

None of these achievements would have been possible without the unwavering support of our donors, whose faith in us drives our mission forward. I extend my heartfelt gratitude to each one of them for sharing our values and partnering with us in bringing about positive change.

I also want to express my gratitude to our dedicated team members, who work tirelessly day in and day out, traveling to remote villages and implementing programs with unwavering dedication. Your commitment is the backbone of our organization, and we are indebted to you for your tireless efforts.

I would also like to thank our esteemed board members for their invaluable guidance and support in helping the organization grow and achieve its goals.

As we look ahead, I am confident that CLT India will continue to scale up, expand its reach, and achieve its vision of providing quality education for all. Together, let us continue to be agents of change, knowing that education is the key to transforming lives.

NIXON JOSEPH

With gratitude and optimism

Nixon Joseph, CEO.

About Childrens LoveCastles Trust

CLT India (Regd. as Childrens Love Castles Trust), founded in 1997, is a not-for-profit EdTech organisation working in the field of education to help teachers and students in government schools in remote and rural areas, access high-quality digital educational resources in STEM via its e-Patashale program. Through this program, CLT India is addressing the challenges of teacher shortage, lack of subject matter expertise in STEM, lack of access to the internet, and limited educational resources in rural schools, offering seasoned pedagogy to ensure effective learning.

CLT India is driven by the philosophy that every child – no matter their circumstances – deserves access to a rich educational environment to be able to build their aspirations and dreams. By designing interactive pedagogy for critical subjects like Science, English, and Mathematics, and delivering by means of a purpose-built low-cost technological platform, the team at CLT India is working towards achieving better educational outcomes for underserved and remote communities, in partnership with caring partners.

OUR REACH

Students **2.75million**

4,987

Schools

Teachers

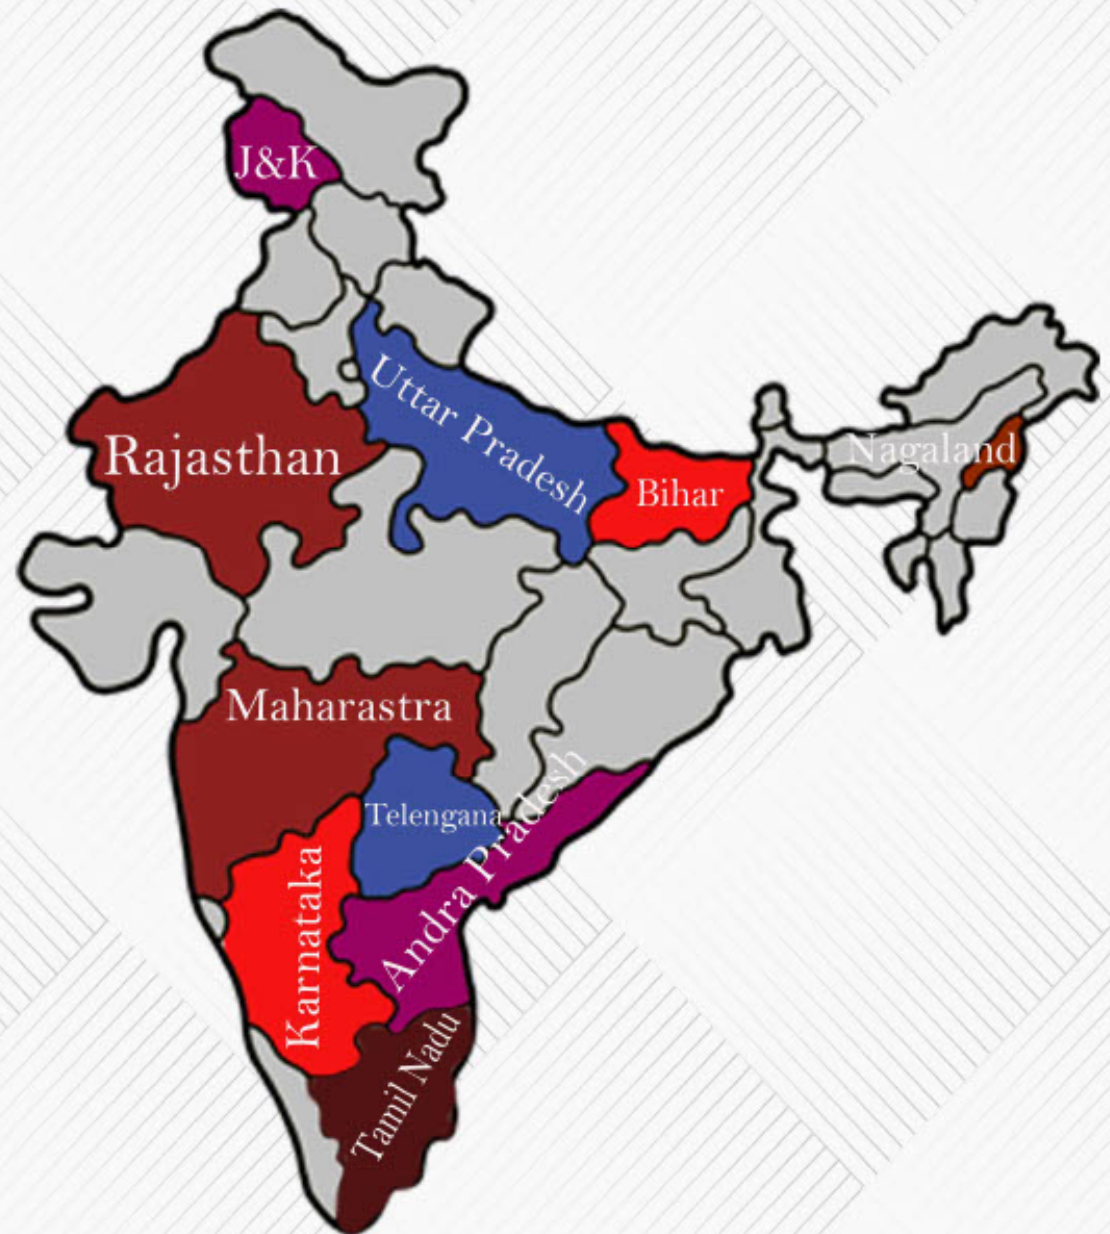

82,000

14,800 Classrooms

CLT e-Patashale was designed to bring about change in rural classrooms. The entire programme architecture was built around what 'Access' meant in the context of underserved communities, which meant that resources had to be available in a variety of regional languages, technology had to be robust yet affordable, teachers could be easily 'upskilled', & content could be accessed without using internet

Today ,we have a repository of 15,000+videos in 4 regional languages & 2,000+digital work-books for upskilling teachers, having impacted 2.8 million students in 4937 schools learning E-Patashale STEM.

E-PATASHALE PROGRAM

SBICAP Securities Limited

Investment our Trust, Doing

We're excited to announce our collaboration with SBICAP Securities Limited for the e-Patashale Digital Classroom Program, extending its reach to 25 Government Schools in Rajasthan & 40 Government Schools in Shivamogga, Karnataka. This partnership marks a significant stride towards empowering young minds & shaping a brighter future for them. 557 Teachers & 11,269 Students benefitted from this program.

EVENTS AT CLT

CLT India's Educational Scholarships for Girl Students

CLT India proudly distributed scholarships to 30 deserving girl students from government schools across Karnataka. The ceremony, held at the CLT India office, was graced by esteemed dignitaries including Sri Syed Farookh (Director of CLT International Inc.), Ms. Anjum Farookh, Mr. Bill Thies (Director of CLT India), Ms. Gayatri Krishna (Director of CLT India), Ms. Bhagya Rangachar (Founder & Managing Trustee) & Mr. Nixon Joseph (CEO).

INTERNSHIP PROGRAM

CLT's internship has been a great way to indulge young minds to learn about the various areas of CSR and gain hands-on experience in voice-over, editing, storytelling, social media & so much more. We have successfully interned with students of XIME Bangalore, Symbiosis School of Law in Hyderabad, C.V. Gurukula College & PUC students of Jakkur govt College. 71 students have interned with us this year.

Government PU College Jakkur, Bangalore

GLIMPSES OF SCHOLARSHIP DISTRIBUTION

COMPUTER UPSKILLING FOR SCHOOL DROPOUTS

Our free computer classes cater to college/school dropouts, giving them hands-on experience with computers and digital technologies. Through engaging lessons and interactive activities, we cover essential topics such as:

Basic computer literacy

Internet navigation and safety

Microsoft Office skills

Email communication

Introduction to coding and programming concepts

Practical projects to apply their skills in real-world scenarios

10 High school dropouts have benefited from this program.

ARTS & CRAFT WORKSHOP

CLT's arts & craft workshop sponsored by [Jayashree Poddar](#) for students of 5th - 8th grades, offered a perfect platform for young artists to nurture their talents.

KIDS SUMMER CAMP

CLT India organized a Kid's Summer Camp for children in communities. We had more than 40 children above the age of 5 from Jakkur, Bangalore enrolled for our summer camp. The camp was filled with fun and creative activities for kids.

KIDS SUMMER CAMP

It provides an opportunity for the CLT India team to volunteer and work with children. The program includes fun activities such as free dental checkups, pottery sessions, environmental day, movie screenings, science day, math day, computer skill enhancement, Spoken English, career counseling, arts & crafts, STEM experiments, etc.

ಸರ್ಕಾರಿ ಮಾದರಿ ಪ್ರಾಥಮಿಕ ಶಾಲೆ
ಜಿಕ್ಕೂರು, ಉತ್ತರ ವಲಯ-4, ಬೆಂಗಳೂರು-64.

TATA MARATHON

Our CEO, Mr. Nixon Joseph, completed the Tata Marathon, running 42.195KM for a cause close to our hearts – providing access to quality education for underprivileged kids.
Thanks to all those who pledged support.

G20 SUMMIT

CLT India participated in the G20 Innovation Alliance Summit, in Bangalore. A good number of people visited CLT's stall set up in Bangalore Palace Ground.
