ABOUT US

CLT India (Regd. as Childrens Love Castles Trust), founded in 1997, is a not-for-profit EdTech organisation working in the field of education to help teachers and students in government schools in remote and rural areas, access high-quality digital educational resources in STEM via its e-Patashale program. Through this program, CLT India is addressing the challenges of teacher shortage, lack of subject matter expertise in STEM, lack of access to the internet, and limited educational resources in rural schools, offering seasoned pedagogy to ensure effective learning.

CLT India is driven by the philosophy that every child – no matter their circumstances – deserves access to a rich educational environment to be able to build their aspirations and dreams. By designing interactive pedagogy for critical subjects like Science, Technology, and Mathematics, and delivering by means of a purpose-built low-cost technological platform, the team at CLT India is working towards achieving better educational outcomes for underserved and remote communities, in partnership with caring partners.

VISION

Access to quality education for all

MISSION

We connect students and practitioners to endless opportunities and new experiences of learning

CEO'S MESSAGE

Dear Friends,

As we step into a new academic year with schools reopening, we are filled with new hopes and aspirations. Last year, CLT India successfully implemented digital STEM education in 182 schools, benefiting over 27000 students. This digital empowerment is enabling students to grasp concepts better and achieve higher scores.

Our partnership with Amazon Alexa has been a game-changer. By providing Alexa devices to schools, we have observed a remarkable increase in students' enthusiasm, confidence, and English-speaking skills. The positive changes we are witnessing are truly inspiring and affirm the impact of our efforts.

None of this would be possible without the generous support of our donors. Words cannot adequately express our gratitude. To further our commitment to transparency and professionalism, we have uploaded our financial and impact reports on the Social Stock Exchange site, making all our details publicly accessible. This step ensures our donors and partners can have complete confidence in us.

This quarter, we have also opened a library for school children, managed by the students themselves. We believe this initiative will foster a love for reading and cultivate leadership skills among children. Additionally, our digital skilling program for school drop-out girls continues to empower many from less privileged backgrounds.

As the new year unfolds, we are filled with new dreams and hopes. We are confident that CLT India will continue to digitally empower thousands of school children from underserved families. Together, let us bring about meaningful change.

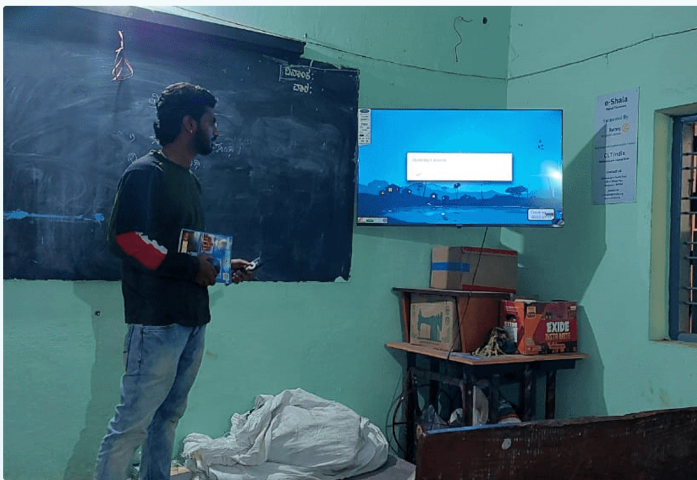

**Warm regards,
Nixon Joseph**

OUR ACTIVITIES AND OUTREACH PROGRAM

We are Back -To- School

In partnership with the Rotary Lake Side Trust, CLT India has successfully implemented the e-Patashale program in one school in, Tumkur this month. We are also excited to announce the upcoming implementation of e-Patashale digital classrooms in 11 schools in Kolar.

SBI GLOBAL FACTORS LTD

The inauguration of CLT's e-Patashale digital classroom, a CSR initiative by SBI Global Factors Ltd has digitally empowered 2 BMC Schools in Mumbai. Mr. Bharat Kumar Mishra, MD of SBI Global Factors Ltd graced the occasion.

SBICAPS SECURITIES LTD

Empowering education with technology! Glimpses from inauguration of CLT India e-Patashale Digital Classroom Program in 40 Government Schools across Karnataka has empowered **5500** underprivileged children. A step towards a brighter future for these young minds.

Special thanks to **Mr. Nagaraj P. (BEO)**, **Mr. B.H. Niranjanamurthy** (Physical Education Instructor), **Mr. Raghavendra** (President of the High School Teachers & Association), **Mr. Rangaswamy K.** (Chief Manager, Compliance & Operations, SBI Shivamogga), **Mr. Vijaya Sai Madugula** (Regional Manager), and a special address by Chief Guest **Mrs. Dhanashri Kenkre** (DVP - Company Secretary, SBICAP Securities Limited) for gracing the event. We are overwhelmed by this impactful contribution.

DIGITAL LITERACY PROGRAM IN HYDERABAD

Training & Orientation Workshop for Tech Lab teachers in Hyderabad, held in collaboration with Rotary Bangalore West, Rotary Club of Sainikpuri, and CLT India. Empowering educators with enhanced digital proficiency and deeper insights into students & their needs.

As part of our "Digital Literacy Program," CLT India held a 2-day session in Hyderabad for 20 faculty members from 20 different government schools. The teachers, who will next educate their respective student groups, received training in the fundamentals of computer instruction. Rotary Bangalore West collaborated with the organisation to host the event.

Launched Digital Literacy 1.0 version in Hindi and Marathi

The Digital Literacy Program's Marathi and Hindi Version 1.0 will be introduced in Thane, Maharashtra in collaboration with Rotary Bangalore West and Goldman Sachs.

AMAZON ALEXA COMMUNITY PROGRAM

Thrilled to announce CLT India's collaboration with Amazon Alexa to distribute Echo Show devices to government schools in Nagaland! This initiative enhances digital learning and empowers students with interactive content.

An initiative to level up teachers with cutting-edge skills and improve the learning experience for children.

CLT India partnered with the Amazon Alexa community and provided Alexa Echo Dot for 2 government schools in Shivamogga, Karnataka.

ENGLISH LEARNING WITH ALEXA

CLT India recently organized an exciting session on “English Learning with Alexa” for teachers in the Bangalore area, led by Nandini Khanna from Amazon Alexa India

This training session aimed to showcase Alexa's new feature language learning in classrooms. A big thank you to Amazon Alexa for their generous support and commitment to education!

AMAZON TEAMS UP WITH CLT INDIA

Amazon Alexa Volunteer Program

CLT India had an incredible session with the Amazon Alexa volunteering team - Nishanth, Dipthi, Arun Kumar, Priyanka Bali, Ujjawal Kumar, and Jai! They engaged with our summer camp kids, making it a memorable and enriching day. A huge thank you for joining forces with CLT India!

INTERNSHIP SUCCESS STORY

We're thrilled to announce the successful completion of her one-month internship at CLT India. During her time with us, Priyanka demonstrated exceptional dedication and enthusiasm, contributing significantly to our projects and initiatives.

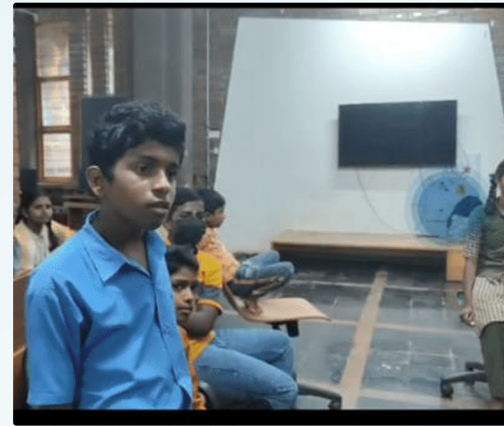

Congratulations to **Priyanka Sundararajan** from Christ (Deemed to be) University
Yeshwanthpur in Bengaluru 🎓

Thank you, Priyanka, for your hard work and innovative ideas. We wish you all the best in your future endeavours and look forward to seeing your continued success.

CLT INDIA IS HELPING BUILD A BETTER TOMORROW

AFTER-CLASS ACTIVITY: EXPLORE AND LEARN ABOUT HUB

We are thrilled to announce the launch of our new initiative, the Children's After-School Activities – “Explore and Learn Hub.” This program aims to provide a dynamic and engaging environment for children within our community, offering a variety of fun and educational activities designed to enhance their skills and knowledge.

DIGITAL LITERACY CLASS FOR GIRLS

As we are moving towards Digital India, ‘Digital Literacy’ plays a bigger role in educating the younger generation. Digital Literacy for Girls is a program designed by CLT India to educate young girls in Information and Communication Technology. This will help them to understand and use the current technology which is necessary to lead a comfortable life in today’s world.

This program is specially designed for the age group of 12 to 25 years. The program includes Computer Basics, Internet usage, Social media and exposures to digital devices like tablet, smartphones and basic PCs.

LIBRARY FOR COMMUNITY STUDENTS

Newly Inaugurated Children's Library at CLT India!
This unique library is coordinated and organized by the children themselves, who have also generously contributed to the book donation. Kudos to these young leaders for their incredible initiative and dedication.

Together, we're fostering a love for reading and community spirit.

Joy of Giving

Heartfelt gratitude to **CAPGEMINI INDIA** for donating 25 desktops to CLT India!

Your generous contribution will empower children from marginalized communities by providing them with essential digital skills training. Together, we are making a difference in their futures.

Thank you, **Capgemini**

Heartfelt gratitude to all the donors who have generously contributed books to the children-led library, empowering our students to learn and explore

Little Hands, Big Hearts

Testimonials

Padmakshi

GHPS Hosahalli, Shivamogga Karnataka

"This program has been extremely useful for us. With the limited number of teachers in our school, this content significantly helps the students by providing a clear understanding of the concepts. It also benefits the teachers by making class management easier and simplifying the concepts that need to be taught. This TV has been especially useful for the teaching staff as well."

Prathiba Katiya

Raj Ki Uchh Prathamika School, Jaipur Rajasthan

"A big thanks to CLT India and SBI CAP Securities Ltd. The content in English, Mathematics, and Science is incredibly useful for the kids. The best part is that it can be used without the internet. Both the children and teachers received training on how to use it, which will greatly benefit the students. Teachers can now explain concepts in more detail, making learning more effective. Additionally, since the content is not dependent on the internet, it will always be available to the students, allowing them to study any topic at any time."

Paul Prasanna Raj

GHPS Haihole, Shivamogga Karnataka

"If we focus on science, there is a variety of quality videos available. These videos allow children to see real chemical bonds, litmus tests, and other scientific concepts. They can conveniently watch different experiments. With both audio and visual content, children can learn effectively. Our school children can take advantage of this and use it to progress academically."

Monika M

9th Grade

GHS Jakkur, Bangalore Karnataka

"The e-Patashale digital classroom content has made learning so much fun and interesting for us. The lessons in English, Mathematics, and Science are easy to understand and the videos help us see the concepts in action. Our teachers use the content to explain things in a way that is really clear and engaging. Plus, we can always access the material even without the internet, which is great. I feel more confident in my studies and look forward to going to class every day!"

Media Clippings

Best School of the Month

CLT India proudly announces its "Best School of the Month" program, aimed at acknowledging exemplary efforts in utilizing e-Patshala and Alexa devices. This initiative highlights schools that consistently provide valuable feedback.

Best School of the Month June 2024 - GUHPS Venkateshpura

A Certificate of Appreciation will be awarded, and winners will be felicitated at our annual meeting held at CLT India's headquarters. The June 2024 winner is GUHPS Venkateshpura, recognized for its outstanding dedication to integrating innovative technology in education. This program underscores our commitment to celebrating and promoting educational excellence across our partner schools

UPCOMING

Our team is working on a new module to create lessons on financial awareness for students of 5th- 10th grades.

Volunteering Opportunities

We invite passionate volunteers of all ages to join CLT India, either online or offline, and make a meaningful impact in empowering underserved communities through education.

Board Members Interactions

CLT India recently conducted a mini board meeting at its headquarters in Bangalore. The meeting was attended by the founder, Bhagya Rangachar, along with esteemed board members Gayathri Krishna, Ashish Kasi, and William Frederick Thies, and CEO- Nixon Joseph. The team reviewed the organization's current performance and strategized future developments.

Gayathri Krishna, one of our esteemed Board Member's, has been with our organization for three weeks. During this time, she contributed valuable ideas and motivated the employees.
