E-NEWSLETTER
VOL-14
(23-24)**

CHILDREN'S LOVECASTLES TRUST

Jakkur, Bangalore.

(Vision: Access to quality education)

**CELEBRATING 27 YEARS OF SERVICE TO SOCIETY,
REGISTERED WITH SOCIAL STOCK EXCHANGE.**

FROM THE CEO'S DESK

This quarter marks a significant milestone for CLT India as our profile will now be prominently featured in the USAID Partner Directory, underscoring our organization's distinct value proposition to prospective partner organizations and USAID Missions. This achievement stands as a testament to our commitment to transparency and professionalism, building upon previous successes such as our registration with the Social Stock Exchange and validation by Charities Aid Foundation International. These accomplishments not only reflect our dedication but also instil a sense of satisfaction within me and my team, reaffirming our collective efforts to make a positive impact in the communities we serve.

This year we celebrate our 27th year of service to society, a testament to our enduring commitment and dedication. Through your unwavering support, we have successfully implemented our ePathSale Digital STEM Education Program in 4800 schools, impacting the lives of 2.75 million students and 82,000 teachers across 11 States. The impact studies conducted validate the effectiveness of our approach: 15-20% improvement in learning levels !!

This accomplishment is not just a statistic; it represents a tangible change in the future of students from marginalized families. By providing access to quality STEM education and digital resources, we are equipping them with the tools they need to thrive in the modern world.

I am immensely proud of what we have achieved together. It reaffirms our belief that the future of education lies in integrating digital technology in the classrooms..

I want to extend my heartfelt gratitude to all the Corporates who have generously supported our initiatives. Your contributions have been instrumental in making our shared vision a reality.

Additionally, I am grateful to everyone who pledged their support during my participation in the Mumbai Marathon 2024 to raise funds for our cause. Your enthusiasm and commitment inspire us to continue striving for excellence.

As we celebrate these milestones, let us also acknowledge that our journey is far from over. CLT India team renews our commitment to pushing boundaries and striving for excellence. As a changemaking Organisation we are growing stronger by the day, and together, we will continue to reach new heights and make a lasting impact on Education.

None of this would have been possible without the dedication and talent of our incredible team. Their tireless efforts and unwavering commitment have been the driving force behind our success. I am profoundly grateful for their hard work and dedication.

With your continued support, our NGO is poised to reach even greater heights, impacting more lives and creating lasting change.

Thank you for being a part of our mission to provide quality education for all.

Warm regards,

NIXON JOSEPH

Our Achievements

CLT e-Patashale was designed to bring some interesting changes in rural classrooms. The entire programme architecture was built around what 'Access' meant in the context of underserved communities, wherein resources had to be available in a variety of regional languages, technology had to be robust yet affordable, teachers could be easily 'upskilled' and content could be accessed without using the internet.
